

Conclusions and way forward

WTP workshop 11-12 January 2016

Way forward

- Important to get more information on
 - Cost of illness in EU Member States
 - Values related to morbidity (related to chemicals)
 - Values relating to neurological impacts
- Establish mechanisms on sharing academic and regulatory assessments (related to valuation)
 - Concerted Action on Environmental Valuation in Europe (ENV4-CT97-0558) 1998-2000
- Link with health economists circle
 - meeting 26 January 2016
