

## **European Chemicals Agency**

Opinion on the administrative change of the Union authorisation of the biocidal product family: **DEC-AHOL® Product Family**

*Opinion N° UAD-C-1599800-27-00/F*

***11 August 2022***

## Opinion of the European Chemicals Agency

### on administrative changes of the Union authorisation of DEC-AHOL® Product Family

In accordance with Article 11(3) of Implementing Regulation (EU) No 354/2013 of the European Commission 18 May 2013 on changes of biocidal products authorised in accordance with Biocidal Product Regulation (EU) No 528/2012 (BPR), the European Chemicals Agency (ECHA) has prepared this opinion on the administrative change(s) to the Union authorisation of:

**Name of the biocidal product family:** DEC-AHOL® Product Family

**Authorisation holder:** Veltek Associates Inc. Europe

**Target asset number:** EU-0024324-0000

**Active substance common name:** Propan-2-ol

**Product type:** 2

### 1. Process for the adoption of the opinion

The notification for the administrative change was submitted to ECHA on 29 June 2022, and recorded in R4BP under case number BC-WR078024-12.

Following its acceptance by ECHA, the evaluation of the notification was initiated on 28 July 2022.

The evaluation included a check that the proposed changes of an existing authorisation are of a purely administrative nature involving no change to the properties or efficacy of the biocidal product family in accordance with Article 3(1)aa of the BPR.

The scope of the assessment itself was based on and limited to the information provided by the authorisation holder in the supporting document for the notification for an administrative change of a Union or simplified authorisation under Regulation (EU) No 354/2013 supplied via R4BP.

ECHA prepared this opinion containing the conclusions of its assessment.

### 2. Detailed opinion and background

#### 2.1. ECHA opinion

During the evaluation, ECHA has assessed whether the changes made in the SPC document provided by the applicant are administrative changes in accordance with Implementing Regulation (EU) No 354/2013.

It is ECHA's opinion that the following changes to the biocidal product family sought by the authorisation holder are changes falling under Article 3(1)(aa) of the BPR, and, after the implementation of the changes, the conditions of Article 19 of the BPR will still be met:

- Title 1, section 1 of the Annex to the Regulation (EU) No 354/2013 - *Manufacturer(s) of the active substance(s) - change N°5 : Addition of a manufacturer of the active substance or change in the manufacturer's identity or in manufacturing location or process, where the technical equivalence between the substances from the two manufacturers, manufacturing locations and processes has been established by the Agency in accordance with Article 54 of Regulation (EU) No 528/2012, and the manufacturer or importer is listed in accordance with Article 95(2) of Regulation (EU) No 528/2012.*

Accordingly, it is proposed that the Commission amends the existing authorisation with the below listed administrative changes to the biocidal product family sought by the authorisation holder.

## 2.2. ECHA assessment

### 2.2.1. Description of the changes as proposed by the authorisation holder

Changes as described by the authorisation holder in their supporting document supplied via R4BP.

<u>Identification</u>	<u>Description</u>
1.	<p>Addition of a manufacturer of the active substance or change in the manufacturer's identity or in manufacturing location or process, where the technical equivalence between the substances from the two manufacturers, manufacturing locations and processes has been established by the Agency in accordance with Article 54 of Regulation (EU) No 528/2012, and the manufacturer or importer is listed in accordance with Article 95(2) of Regulation (EU) No 528/2012.</p> <p>Addition of two active substance manufacturers of Propan-2-ol (CAS 67-63-0):</p> <ol style="list-style-type: none"> <li>1. Shell Chemicals (BC-KP067033-320)</li> <li>2. Monument Chemical Houston Ltd. (BC-KK067034-40)</li> </ol>
